

TEEN LIFE

2023-2024 School Year
Support Group Report

DURING THE '23-'24 SCHOOL YEAR...

965

STUDENTS

received hope through
Support Groups on their
school campus.

SUPPORT GROUPS 107

in **17 school districts** and
on **41 school campuses**.

These groups discussed
relationships, stress,
resources, and more in a
safe environment!

“One of my favorite moments with my first group was a student who finished several grading periods with “incompletes” and was constantly playing catch-up in classes. During our group times, he opened up and shared some of his struggles with “motivation”; his peers in the group brainstormed some ways they find motivation and provided encouragement. He is now finishing his first grading period this year with zero “incompletes” and a renewed zeal and purpose for the future!”

60

TRUSTED ADULTS

led Support Groups and formed
connections with students. This school
year, 47 adults have completed our
Support Group Training.

\$491K

RAISED IN 2023

so that no teen has to feel alone. This
generosity made it possible for Teen Life
to empower students, elevate schools,
encourage parents, and equip volunteers.

BE THE ONE WHO GIVES HOPE TO TEENS
